ABOUT

As a dedicated Full Stack Developer, I bring a holistic approach to web development, seamlessly blending front-end creativity with back-end functionality. With a keen eye for detail and a commitment to delivering robust, user-centric solutions, I thrive on transforming ideas into dynamic, interactive experiences. Proficient in a diverse range of technologies, I enjoy navigating the entire development stack, from crafting elegant and responsive user interfaces to architecting scalable server-side solutions. Let's collaborate to build not just websites, but immersive digital experiences that leave a lasting impression.

SKILLS

- 1) HTML/CSS
- 2) JAVASCRIPT
- 3) SASS/LESS
- 4) Web Performance Optimization
- 5) AJAX and API Integration
- 6) FIGMA
- 7) jQuery
- 8) Photoshop
- 9) WordPress

EXPERIENCE

Front End Developer (**At Freelancer**)

2021-2022

Description: - Contributed as a Front-End Developer on Fiverr, collaborating with diverse clients to transform design concepts into interactive and responsive web solutions. Leveraged proficiency in HTML, CSS, and JavaScript to create visually compelling and user-friendly interfaces, meeting and exceeding client expectations for a wide range of projects.

Full Stack Developer (**At Fiver**)

2022-WORKING

Description: - As a Full Stack Developer Designer at Fiverr, I seamlessly bridged the gap between front-end and back-end development, and design. Collaborating with clients, I delivered end-to-end solutions by creating visually appealing user interfaces, integrating robust functionality, and ensuring a seamless user experience. Proficient in HTML, CSS, JavaScript, and server-side languages, I executed projects that harmonized design aesthetics with technical excellence, contributing to the success of diverse projects on the Fiverr platform.
